

THIS MOTHER'S DAY CONTINUES

until every unsheltered family with children is safely off the streets.

Securing Safe Emergency Housing | Filling Homeless Service Gaps For Families on the street with children

Every day is Mother's Day until all unsheltered families
with children in the City of San Diego, are off the streets into safe shelter or housing.
Starting with families Downtown.

Collaboration of UPLIFT, BAPAC San Diego Downtown Partnership Clean & Safe

No matter where you stand on homeless encampment enforcement ordinances, housing first, etc. we can all agree it's time to get all families with children off the streets, beginning with Downtown. There are 57 families with children on the streets of Downtown now.

Who are we? We are Moms serving as case managers, housing navigators & volunteers. We are rising above the bureaucracy to help these families to safety by raising our own funds to make it happen. We are gap-filling on funding for motels, transit to appointments, job training, move-in expenses, and any necessities that case management agencies are not covering.

How does it work?

1. Clean & Safe and BAPAC identify families and determine required services.
2. UPLIFT pays from this Gofundme to cover those expenses as requested.

More info? Monica Ball, UPLIFT 619-708-3512 or monica@upliftsandiego.org

WE APPRECIATE YOU ♥
